FOR IMMEDIATE RELEASE

STATE ROUTE 2 OPENING POSTPONED

San Bernardino County – The California Department of Transportation (Caltrans) is postponing the reopening of State Route 2 (SR-2) from Vincent's Gap to Islip Saddle until further notice. Storm repairs on SR-2 in Los Angeles County at Eagles Roost, located west of Islip Saddle, will need to begin before Caltrans District 8 (San Bernardino) can reopen our closed section.

This 10-mile segment of SR-2 just west of Wrightwood closes annually during snow season due to high snow drifts and unmanageable conditions. Damage was incurred this winter on the Caltrans District 7 (Los Angeles) section west of Islip Saddle.

Caltrans District 8 will continue with a planned fog seal project in the closed section between Vincents Gap and Islip Saddle (west of Wrightwood) on June 9 and 10.

District 8 will continue to monitor the progress of the emergency project in District 7 (Los Angeles) and release any updates in regards to the opening of SR -2.

Remember to slow for the cone zone when you see road work, Highway Patrol, or emergency responders. For more roadwork information, please go to www.caltrans8.info and sign up for Commuter Alerts under "CT Connect".
